

FORENSIC JOURNAL CLUB / RESEARCH SEMINAR

2008-2009

This seminar meets the 2nd Friday of each month at 9:00 A.M in Room 1055 of the Tidewater Building. Dr. Gina Manguno-Mire, Ph.D. is the course director. The aim of the seminar is to teach fellows how to critically appraise scientific articles with particular relevance to the forensic psychiatry literature. For fellows interested in developing an independent research project, the seminar also serves as a forum for the creative discussion of ideas, theory, and methodology.

Date	Topic	Reading	Presenter
